**Comments:**

- Excellent in my own language
- It's a good opportunity to vote you not being limited by the language you speak
- It's perfect that it's in so many languages
- By simplifying the electoral system as much as possible, it eliminates the barriers that limit certain people from casting their ballot
- You have an excellent team to help people who have questions and concerns regarding to the voting and the new system
- It's easy in Spanish
- Very accessible
- Everything it's very good
- It's easy to understand in English, but it would be better to leave the native language for those who are voting for the first time
